Object of workshop: review Update Recommendations, Preliminary Draft Worksheet, 11/15/2012, prepared by Dick Blodgett and review comments made by Julliette Leeming concerning the Plan of Conservation and Recreation Lands.

Results: both objectives completed. Note: 1. we need to identify pocket park sites on our main map. 2. Many of Dick Blodgett's recommendations are already on the Plan of Conservation and Recreation. 3. We decided to omit the following recommendations - A. 5, C. 1, E. 5, and the first paragraph of VI. Management. 4. We need to look at Leeming's comments again.

Adjournment: 8:05pm.
